- Geospatial Technology Enabling Infrastructure Investment
- National Broadband Network
- Impact of the Consumer
- Alternative Energy
- Cyber Security

- Regulatory Compliance
- Consumer GIS / Software as a Service / Cloud Computing
- SCADA and GIS

Relaxed Paper Requirements

GITA has again relaxed the minimum paper requirements, as we are sensitive to the time constraints of today's professionals. In a continued effort to provide valuable content, accepted speakers for the 2010 Geospatial Infrastructure Solutions Conference must submit:

1. a biography
2. an executive summary (2-4 pages) or full paper, which will be published in the Conference Proceedings, and
3. PowerPoint or PDF slides to be used during the presentation (slides will also be published).

Full paper submittals are still highly regarded and recommended. There is no limit on paper submission size.

Please send submissions to:
program2010@gita.org.au
